Winter Field Day is better than ever

290 QSOs, 40 states, plus Canada and Puerto Rico contacted, several DX entities. Winter Field Day's 2016 effort was the best ever for our club, and most of us only operated for about five hours.

Top 10 reasons to take Ham Radio portable

Add massive noise levels across the HF bands and RFI to neighbours when I operate above the 20m band and then you have all the reasons I started taking my rig into the great outdoors.

Hidden Antennas for HOA restrictions?

I have a confession to make... I live in a HOA! I know most hams say what the hell did you do that for, you knew you could not put up a 60 foot tower. Turn in your FCC license...

A Ham's revenge for loud neighbors

With a car mount antenna pointed directly at the neighbor's stereo, Kevin could transmit on a specific, obscure frequency and silence the speakers.

No better time to promote the hobby?

If you're not involved with promoting the hobby – no need to read on.

Microwave transceiver teardown

Having no immediate use for it, and with a premium on storage space in my life these days, I figured I'd tear it apart and see how it works.
